### Supplementary Equipment

- Filters, Non-woven
- Solid/liquid separation
- Filters, Pressure
- Spray nozzles
- Filters, Quartz
- Steeling tanks
- Filters, Sand
- Storage tanks
- Filters, Steam
- Surface aerators
- Filters, Stench
- Surface boxes. Cast iron
- Filters, Swimming pool
- Surveillance of water intakes
- Filters, Trickling
- Temperature controls
- Flanges
- Testing equipment
- Floatation equipment and tanks
- Thermal processes for water and sewage treatment
- Flocculants agents, miscellaneous
- Tilted plate separators
- Flocculation plants
- Tools
- Flow measurement and recorders
- Toxicity analysers
- Fluidized bed furnaces
- Trade press
- Freezing process (desalting of sea water)
- Trickling filters
- Galvanic waste water treatment
- Tubes
- Galvanised water tanks
- Turbidity control
- Gas detectors
- Ultra-violet. Irradiation plants
- Gas purification plants
- Ultrafiltration
- Gas purification plants, washing towers
- Utility systems privatization
- Gas purification plants with catalysts
- Underground hydrants
- Gas washer
- Vacuum units. High
- Heat exchangers
- Valves
- Heavy metal removal
